Comfort Heated driver and front passenger seat cushions - That's hot. Heated driver and front passenger seat cushions provide more targeted warmth so you can get comfortable quicker in cold weather. If you have lower body pain, you might also be soothed by the heat while you drive. No matter the weather, find comfort in heated driver and front passenger seat cushions.
Convenience Keyfob engine start control - Get an early start. Remotely start your vehicle's engine from the key fob, ensuring your ride is ready to go when you get in. Now you can stay comfortable inside while your vehicle gets comfortable outside, thanks to Keyfob engine start control.
Exterior and Appearance First-row sunroof - Let more of the outside in. Now you can be in the sun or gaze at the stars from the comfort of your seat, and have a more open cabin during your drive. Your first-row sunroof is a breath of fresh air.
Technology and Telematics Integrated navigation system - A to B made easy! Whether it's an errand or a road trip, an integrated navigation system will guide you to your destination. No more bulky, impossible-to-fold maps, and no more stopping to ask for directions. With integrated navigation system you always know the right way.
Wireless connectivity - Strike the cord. Wireless technology makes it easy to place calls without having to fumble with your phone. It integrates your device with the system inside your vehicle for hands-free access. Keep connected and keep your hands on the wheel with wireless connectivity. This vehicle comes with a 30-day, 1250 mile 100% warranty that covers not only the complete list of state of Maine inspection standards but also engine & drive train as well.
