No matter the weather, find comfort in heated driver and front passenger seatbacks.Convenience Cruise control with steering wheel mounted controls. Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls.Powertrain and Mechanical All wheel drive - all weather drive. In wet or slippery conditions the more grip your wheels can maintain, the safer your drive. All wheel drive powers both the front and rear axles, allowing the center differential to redirect power to the wheels with greater traction when slip is detected. So get a firm grip on the road, better acceleration and added peace of mind in poor weather conditions with all-wheel drive.Safety and Security Brake assist - Stop right there. Something jumps out into the middle of the road and you need to stop now! With brake assist, you will. It uses the speed of the brake pedal's travel to sense panic braking, then applies all available power to boost your stopping power. Brake assist can stop the accident before it is one.nThis vehicle comes with a State of Maine inspection sticker as well as a 30-day plate! nnWe also offer extended warranties for an additional fee.
